

UNICUS DESIGNS AND LOGISTICS

About US

Established in February 2022 but been functioning since 2020, Unicus Designs and Logistics is a sole proprietorship which specializes in graphic and web design, electrical appliances and also in the sale of computer accessories. We aim to provide the needs of our clients in every way possible by providing physical products or digital services.

We Offer these services

Graphic Design (Flyers, Brochures, 4D illustrations, etc.)

UX/UI Designs

Web Design and Management

Toner sales

Sales of Computers and Printers

Creation of Mobile Apps

Video Editing

Electrical Appliances

Mission

To provide ICT based products and services to facilitate and ensure the proper functioning of organizations.

Vision

To bring clients thoughts to reality

To lead in the provision of e-solutions to startups and already existing companies to facilitate revenue.

We are easy to find
